Small Pincer Grip

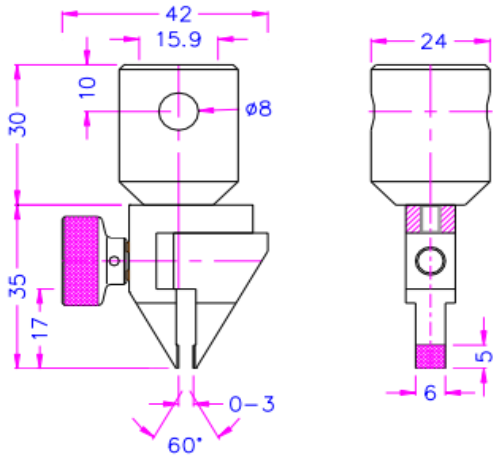

TAS341 – 100 N

Versatile, easy to use. Applicable for small components, for example electronic components, etc.

The chain mounting enables flexible positioning.
TAS341 Type –F: The coupling is directly mounted on the grip (without chain).

Clamping surfaces serrated on both sides (pyramids).

Item No.	**TAS341**
Tensile force:	100 N
Opening:	0 – 3 mm
Jaws:	Pyramid jaws (serrated), 0.6 x 45°
Clamping surface: HxW	5 x 6 mm
Body:	Hardened steel, nickel-coated
Temperature range:	0 to +130°C -70 to +280°C (TAS341-Ni)
Weight:	76 g with Af159 adapter
Scope of delivery:	1 piece

Examples for other versions:

TAS341 with M8 coupling

TAS341-M6-F

TAS341-Af159-F

TAS341-15 special design clamping surface 15mm wide
